

● RETAIL & SERVICES CARRIER BAGS

PRODUCT INFORMATION

Carrier bags have a multifunctional purpose. They are a practical method of packing and carrying all manner of articles. But when they are printed they are also a highly effective promotion and communication medium that draws the attention of a broad public to your company or brand name, your product or your message.

When it comes to models and materials for carrier bags the possibilities Van der Windt can offer you are virtually endless. A budget-friendly T-shirt carrier bag, a luxury paper bag or, if you would prefer, a long-lasting, re-usable woven polypropylene carrier bag.

Flexoprint, rotogravure, offset, full colour, line printing: our specialists will work with you to arrive at the most ideal packaging solution and our in-house design studio can put their creativity at your disposal to develop your design or prepare it for printing.
