

Retail & Services HACCP Disposables

Van der Windt supplies a comprehensive range of disposable protective clothing for companies and institutions that are required to comply with statutory HACCP guidelines.

Product information

By law all companies involved in the preparation, processing, treatment, packaging, transport and sale of food stuffs must comply with HACCP guidelines. HACCP stands for Hazard Analysis of Critical Control Points and is a method for guaranteeing the safety of foods. The HACCP method prevents the risk of microbiological, chemical or physical contamination as much as possible.

Comfort2Hygiene® HACCP Products

Under the brand name Comfort2Hygiene®, Van der Windt supplies a range of HACCP disposables from stock. The range includes latex, vinyl and nitrile examination gloves, rubber household gloves, polyethylene sleeve and shoe covers, aprons and non-woven caps and hats. Virtually all these products are available in white and blue.
