

● RETAIL & SERVICES CONICAL BAGS

PRODUCT INFORMATION

Liquorice, chocolate, lollies, chewing gum balls, nutmegs, peanuts as well as radishes, courgettes, blossoms and even bath salts are packaged and presented in conical bags.

Conical bags made from clear-as-glass polypropylene and flexo-printed with an attractive design in up to eight colours ensure the optimum presentation of your product. A conical bag also gives the impression that it holds more, so is even more likely to tempt the consumer into an impulse purchase. Van der Windt is a specialist in conical packaging and can also supply packaging in the shape of a Christmas stocking and a rocket.

SUPPLY INFORMATION

Conical bags can be supplied for both manual and machine processing.

The conical bags for manual processing can be supplied either loose or as a block with a tear-off perforation. We hold loose conical bags printed with the "party" design in stock:

- size 18 x 37 cm
- size 25 x 46 cm

In the colours: white, yellow, orange, green and pink. Packed in boxes of 1,000 pieces.

If requested conical bags can be supplied in every size and thickness.
