

● HORTI FLOWER BUCKETS

PRODUCT INFORMATION

Plastic flower buckets have for many years been an important logistic solution for transporting cut flowers and keeping them in good condition during transport. The flower bucket also serves as a display for optimum presentation of the flowers to the buyer. The inside of the bucket has ribs to ensure that the bouquets do not slide around. Flower buckets can be re-used many times and are made from recycled polypropylene.

WHAT WE CAN SUPPLY

We have the right bucket for every application and can normally supply many different sizes from stock. For example:

- 3 ltr
- 4,5 ltr
- 5 ltr
- 7 ltr
- 8 ltr
- 10 ltr Konika
- 10 ltr straight
- 13 ltr

The flower buckets are supplied in black as standard. Other colours are available on request.
