

● HORTI SLEEVES FOR AUTOMATED PACKAGING

Problem-free automated packing of cut flowers or pot plants requires the use of sleeves of an extremely high and consistent quality, closely tailored to the packing machine and the product to be packed.

PRODUCT INFORMATION

By working in cooperation with all leading machine builders, we can create a perfectly functioning combination of sleeve and machine. The broad experience and knowledge of our employees, as well as our own European production, guarantee optimum service and quality.

DELIVERY INFORMATION

We produce sleeves for automated processing in virtually all sizes and qualities, printed with attractive, custom made designs.
