

● AGRI PUNNETS AND TRAYS

PRODUCT INFORMATION

When it comes to packing and presenting vegetables, for salads and soft fruit the selected option is often a punnet or tray. Van der Windt offers a complete range. In numerous different models - square, rectangular or round. With separate or attached lids. Made of aluminium, cardboard or plastic. As well as environmentally-responsible punnets made of cardboard, Van der Windt also offers a programme of bio-based punnets and trays made of renewable materials such as PLA, palm pulp and sugar cane. And to ensure the optimum protection, presentation and shelf-life of your fresh products Van der Windt supplies not only the punnets or trays but also several film concepts with which your packaging can be covered and sealed.
